ABSTRACT

The bibliography lists books and journal articles which are available on loan (to Illinois residents only) from the Illinois Birth to Three Clearinghouse. The 79 items listed focus on many aspects of autism, such as diagnosis, possible genetic links, social and pragmatic deficits, sleep problems, developmental therapy, drug therapy, behavior management, communication training, curriculum development, and teaching methods. The references describe materials for both professionals and parents and provide the following information: author, title, journal title or book publisher, date, and call number to use in accessing the item at the Clearinghouse. CLEARINGHOUSE BIBLIOGRAPHY SERIES

The Birth to Three Clearinghouse Bibliography Series is designed to be produced upon request. The bibliographies feature materials that are available in the Springfield resource library. Call numbers are provided for easy retrieval by Clearinghouse staff and patrons. Materials listed in these bibliographies can be requested by mail, by phone, or in person at the library.

Loan periods are as follows:

Books: Three (3) weeks

Audiovisuals: One (1) week

Articles/Reprints are photocopied upon request.

These bibliographies are regularly updated to include new materials as they are added to the collection.

Phone requests can be made by calling (217)-785-1364 between 8:30 a.m. and 5:00 p.m., Monday through Friday. Requests may also be made by FAX at (217)524-5339.

Materials can be loaned only to Illinois residents.

The Birth to Three Clearinghouse is a project of the Illinois Public Health Association and is made possible through a Part H grant (P.L. 99-457) administered by the Illinois State Board of Education and presented to the Governor's Planning Council on Developmental Disabilities.

The Bibliography Series is indexed by ERIC (Educational Resources Information Center).
